Mr. Bell was in Elvins at the time the fire occurred, while Mrs. Bell was transacting business in Farmington. The loss was partially covered by insurance.

The big Hallowe'en dance given last Friday night by the Young Men's Club was a very pleasing social affair, a very large attendance being reported. BIG SALE

P. G. Keith's sale on last Friday was largely attended by buyers not only from this county, but from Ste. Genevieve and Jefferson counties. His live stock brought excellent prices, also farm machinery, etc., sold at fair prices. It was Mr. Keith's intention to buy a plantation in Arkansas, but after realizing about \$4500.00 at this sale, he decided that the "Holy Land" was good enough for him; and we are of the opinion that Mr. Keith used good judgment as there are few places better than St. Francois county.

How to Prevent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere. (adv.)
